

Better Pack® **555e** Series Benchmark for the Industry

The Better Pack 555e Series offers the most options and the highest level of automation available from the Better Pack dispenser family. In fast-paced packaging environments where increased productivity, worker efficiency and carton sealing output are essential, the Better Pack 555e electronic dispenser is your ultimate carton sealing solution.

Maximum Level of Automation & Productivity

- Automatic Tape Advance Feature* (Standard on most models) is perfect for high-volume, fixed size carton sealing
- Automatic Measuring Device (Optional accessory available for most models) is ideal for high-volume, random sized carton sealing
- Fast tape output of 45" per second and user-friendly, color-coded keypad with 14 preset length buttons make dispensing and sealing quick and easy
- 1,000 foot roll tape capacity means fewer changeovers, less downtime
- Foot Pedal and Tape Aerial accessories further improve worker efficiency

Top-of-the-Line Performance, Construction & Warranty

- Backed by the best industry warranty—2 years on parts and materials, 6 months on labor
- Heavy duty, self-oiling blade for perfect, consistent cutting
- Stainless steel tape path and steel side frames for added durability
- The only **UL Listed** electronic water-activated tape dispenser
- Built to meet or exceed **CE** and **CSA** standards for operator and electrical safety

*Automatic Tape Advance Feature

- Remove tape from the dispenser and the next tape length automatically advances
- Can be programmed to auto-dispense 3 lengths for H pattern sealing
