

ANOTHER **BREAKTHROUGH** IN STRAPPING TECHNOLOGY FROM SIGNODE

GripPack Tensioner *World's only battery powered tensioner for steel strapping*

Break free from the lack of portability and high weight associated with pneumatic tools. The GripPack steel strap tensioner provides the low weight and portability that operators need but can't get with pneumatic tools. It delivers maximum power and performance without the air generation costs and inconsistencies of pneumatically driven tools, improving productivity for the tensioning of steel strapping in heavy-duty hand tool applications.
