

Lightweight design and ergonomic handle reduces operator fatigue

LED light illuminates seal area

Green/red LED battery light indicates charge level

Maximum portability... no cord, no hose

18 volt lithium-ion battery for long-lasting operation

One-button operation

Strap detection system eliminates accidental cycling

240 single notches per charge

WORLD'S MOST POWERFUL BATTERY-DRIVEN STEEL STRAPPING TOOLS

Signode GripPack 114

Battery Powered Sealer for Steel Strapping

Break free from the lack of portability and high weight associated with pneumatic tools. Our latest innovations, the GripPack 114 steel strap sealer and tensioner, provide the low weight and portability that operators need but can't get with pneumatic tools. Plus they deliver maximum power and performance without the air generation costs and inconsistencies of pneumatically driven tools.

The GripPack tools' lightweight, durable design make them easy to handle and operate. With one-button operation and performance enhancing features not found on pneumatic tools, they vastly improve productivity for the application of steel strapping in heavy-duty hand tool applications.

Sealer Specifications

Strapping: Magnus® or Apex Plus™ steel strapping

Strapping size:
1-1/4" x 0.025" to 0.031"
(32 mm x 0.64 mm to 0.80 mm)

Joint type: Single reverse notch

Seal type: 114 P, 114 OF

Weight: 7.5 lbs. (3.4 kg)

Sealer Part Numbers

GripPack 114 kit

Sealer: 800250

Battery and 110 volt charger pack: 800521

Battery and 220 volt charger pack: 800544

Spare battery and charger

Battery only: 800293

110 volt charger only: 800294

220 volt charger only: 800543
